DETAILED ACTION

Receipt is acknowledged of the petition to correct inventorship pursuant to 37 C.F.R. 1.48(a), filed on 3/15/2004, which has been entered in the file.

Inventorship

1. In view of the papers filed 3/15/2004, it has been found that this nonprovisional application, as filed, through error and without deceptive intent, improperly set forth the inventorship, and accordingly, this application has been corrected in compliance with 37 CFR 1.48(a). The inventorship of this application has been changed by the addition of G. Randy Nicholson.

The application will be forwarded to the Office of Initial Patent Examination (OIPE) for issuance of a corrected filing receipt, and correction of the file jacket and PTO PALM data to reflect the inventorship as corrected.
